

Terrebonne Parish Consolidated Government Department of Planning & Zoning Permits Division 8026 Main Street, Suite 100 (985) 873-6567

RESIDENTIAL PERMIT APPLICATION REQUIREMENTS

Applicant's Name: The applicant is the authorized individual who applies for the permit. The applicant should be able to answer basic questions about the proposed project.

Owner's Name: The owner is the individual(s) listed on file with the Tax Assessor's Office as being the legal owner of the site address in which the applicant is applying for a permit. The applicant must provide contact information on the owner.

Contractor's Name: The contractor is the individual or company who intends to perform the proposed work. The state of Louisiana requires that all residential contractors performing work between \$7,500-\$75,000 have a Home Improvement Registration and that contractors performing work exceeding \$75,000 have a Residential Contractor's License. The homeowner may perform the work themselves if they sign an Affidavit Claiming Exemption from Licensure.

Note: Contracting laws are subject to change. Please refer to the Louisiana Licensing Board for Contractors website for additional information at www.lslbc.louisiana.gov.

- 1. Site Address: A site address is the legal property address assigned by the Terrebonne Parish Communications District (911). For more information or to get an address assigned to your property, contact their office at 985.580.0911 or by visiting them at 110 Capital Blvd. in Houma.
- 2. Coastal Use Permit: Since 2012, all of Terrebonne Parish is now included in the Louisiana Coastal Zone by act of the Louisiana Legislature. As such, many activities are subject to permitting requirements from the Louisiana Department of Natural Resources Coastal Management Division and/or the Federal Corps of Engineers.
 - Activities requiring a Coastal Use Permit include, but are not limited to site clearance, bulkheads and backfilling, placing fill material on property below 5 feet in elevation or considered wetlands or other habitat, borrow pits for sale of dirt, riprap/erosion control, wharves/piers/boat houses, boat slips, and other activities that may destroy wetlands and/or habitat. Actual home sites (single family dwellings) are exempt, but associated work such as driveways may be regulated in certain areas of the parish. For more information, visit www.tpcg.org/coastalrestoration. You may obtain a Coastal Use Permit application from the TPCG Office of Coastal Restoration and Preservation which is located on the 7th Floor of Government Tower [Tel: (985) 873-6889].
- 3. Storm Water Pollution Prevention: In accordance with the Terrebonne Parish Storm Water Quality Management and Discharge Control Ordinance, all construction projects should utilize best practices for storm and surface water management, especially during land clearing or other job site preparation.
- 4. **Elevation Certificate:** If the site address is located within the floodplain, an elevation certificate is required at the time of application for a permit to determine the "lowest adjacent grade." A second elevation certificate must be turned in upon completion to document the "finished construction" and is required to obtain utilities. Elevation certificates can be obtained from a registered land surveyor or civil engineer.

NOTE: If the site is **not** within the special flood hazard area, all tops of floors on new construction shall be not less than eighteen (18) inches above the highest crown of the street adjacent to that property in order to ensure the proper functioning of all plumbing fixtures. Plumbers are cautioned to advise their clients of this requirement prior to the permit application being submitted.

- 5. If constructing an elevated structure or elevating an existing structure, please refer to the attached FEMA/NFIP Nonconversion Agreement Directions and Form.
- 6. Sewer Availability: The applicant should know whether or not the site address is located in an area that is serviced by the municipal sewerage system or by a private treatment plant. If the property will be serviced by a private treatment plant, a *Temporary Permit for On-Site Wastewater Treatment System* (pink slip) from the Louisiana Department of Health and Hospitals Office of Public Health will be required.

TPCG Pollution Control Division: 2000 Saint Louis Canal Rd. in Houma, 985.873.6727 for information regarding the municipal sewerage system.

Louisiana Department of Health and Hospitals Office of Public Health: 600 Polk St. in Houma, 985.857.3770 for information regarding private treatment plants.

- 7. State Driveway Permit: If your proposed development includes a driveway connecting to a state highway, you must obtain a permit from the Louisiana Department of Transportation & Development located at 5050 West Main St. in Houma, 985.857.3671
- 8. Type, Size, and Intended Use(s) of the Proposed Structure: What are you proposing to build? How big will it be? What do you intend using it for? The applicant should be able to answer these questions.

Terrebonne Parish Consolidated Government Department of Planning & Zoning Permits Division 8026 Main Street, Suite 100 (985) 873-6567

RESIDENTIAL PERMIT APPLICATION REQUIREMENTS

- 9. Legal Property Description: The applicant should know the lot number, block number, and the subdivision name when applying for a permit. This information can be obtained from the plat of your property. To obtain a copy of your plat, visit the Terrebonne Parish Clerk of Court's Office at 7856 Main St., Suite 100 in Houma.
- 10. **Site Plan:** A site plan depicting the entire lot with dimensions for boundaries, setbacks, easements, rights-of-way, servitudes, plus any and all existing and proposed features such as buildings, pools, driveways, and paved areas is required for with all permit applications. The applicant should be able to answer basic questions regarding this site plan.
- 11. Detailed Construction Drawings & Plan Documents: Floor plan, construction details, electrical, plumbing, and gas diagrams must be submitted with drawings. If proposed project involves a foundation system with pilings and/or the use of a pre-manufactured metal building system, then plan documents shall also include a pilings special inspection "Letter of Intent" and/or signed/sealed metal building manufacturer's erection drawings. In the event the manufacturer's drawings are not available at the time of application, the applicant may submit the manufacturer's design load certification letter.
 - Contact **Terrebonne Parish Planning & Zoning Department, Regulatory Division at 985-873-6567** for information regarding detailed construction drawings, plan documents, or the Louisiana State Uniform Construction Code review process.
- 12. **Zoning:** The applicant should be aware of the zoning designation of the site address before applying for a permit. This designation can have an effect on the proposed use and setback requirements for your proposed project. Visit www.tpcq.org/zoning for more information.
- 13. **Houma-Terrebonne Regional Planning Commission:** Redivision/subdivision approval, parking plan approval (over 50 spaces), and/or planned building group or residential building park approval (2 or more structures on lot) must be granted through the Houma-Terrebonne Regional Planning Commission if required. Visit www.tpcg.org/planningcommission for more information.
- 14. Louisiana State Licensing Board for Contractors: A Louisiana Residential Contractor's license issued by the Louisiana State Licensing Board for Contractors is required to apply for a residential building permit. Other contractor's laws may apply. The entire contractor's licensing law, applicable rules and regulations, a list of licensed contractors and other information may be found on the Louisiana State Licensing Board for Contractors website at www.lslbc.louisiana.gov.
- 15. **List of All Sub-Contractors and License Numbers:** Includes electrical, plumbing, gas, and mechanical. The applicant should be able to supply this information.
- 16. **Houma Historic District:** Pursuant to Section 20-117 of the Terrebonne Parish Code, no building, structure, or edifice, including fences, boundary walls, signs, light fixtures, steps, and paving, or other appurtenant fixtures shall be erected, altered, restored, moved, or demolished within the local Houma Historic District or any site, location, structure, or monument designated pursuant to Section 20-136 until after an application for a certificate or appropriateness as to exterior architectural features has been submitted to and approved by the Houma Historic District Commission. Please contact the Main Street Manager at 985.873.6408 for more information.

Acceptable methods of plan submission:

✓ PDF via email (ask permit clerk for details)
 ✓ PDF via CD-ROM
 ✓ PDF via portable USB drive

Terrebonne Parish offers an Online Permit Portal that allows citizens and contractors to apply for specific permits online. For information on how to apply online, visit tpcg.org/permitsapplyonline.

All payments are due in full at the time of application. Permit applications are generally approved within 5-7 business days from the date of application. Only complete applications containing all required information will be accepted.

RESIDENTIAL PERMIT APPLICATION REQUIREMENTS

Basic Site Plan Example

123 Destiny Place (Label the street the house faces)

The site plan must show:

- The 911 address of the property and labeled intersections, if any.
 A depiction of the entire lot with dimensions for boundaries, setbacks, easements, rights-of-way, and servitudes. If you are unsure if your property includes setbacks, rights-of-way, or easements, consult the plat associated with your property. A copy of the plat can be obtained from the Terrebonne Parish Clerk of Court's Conveyance Records for a nominal fee.
- ✓ All existing and proposed features such as buildings, pools, driveways, and paved areas.

Call 985-873-6568 to schedule an inspection.

Terrebonne Parish Consolidated Government Department of Planning and Zoning Regulatory Division

FEMA/NFIP NONCONVERSION AGREEMENT FOR CERTAIN STRUCTURES IN THE FLOODPLAIN DIRECTIONS

If proposed construction consists of the elevation of an existing structure (not funded by a Parish managed FEMA mitigation grant) or the construction of a new elevated structure, then a FEMA/NFIP Nonconversion Agreement for Certain Structures in the Floodplain document will need to accompany the permitting application documents when ready to apply for the building permit. Note: a building permit application will not be accepted without a recorded copy of the FEMA/NFIP Nonconversion Agreement form presented at time of application.

- Contact the Parish Permit Office with the address of the proposed elevation or construction to obtain the FEMA/NFIP Nonconversion
 Agreement. You may call 985-873-6567 to have the form emailed to you or visit the office to pick up the form. The "Office Use" section at the top of the form must be completed by Permit office personnel before releasing to the owner/applicant.
- 2. Bring the *FEMA/NFIP Nonconversion Agreement* to the Courthouse to complete and record with the property deed.
- 3. Bring a certified copy of the recorded FEMA/NFIP Nonconversion Agreement with you to the Permit Office when applying for the building permit. If you apply online, you must be able to upload the recorded copy of the FEMA/NFIP Nonconversion Agreement to your electronic permit application file.

Questions can be directed to the Parish Permit Office 8026 Main Street, Suite 401 Houma, LA 70360 985.873.6567
