At Mr. G. Michel's request, Chief Financial Officer Kandace Mauldin explained that the contract would be for non-decorative lights, including some fiberglass poles, and that a change order should be expected for additional lights being reflected in the damage assessment. She added that a previous contract for decorative lighting was out for bids and expected to be awarded in the next month.

Mr. D. W. Guidry, Sr. reported that the change order is to be presented by the next Regular Council Session. He then clarified that the contract for non-decorative lights would only cover labor costs as the materials were already collected and that the contract for decorative lights included both parts and labor.

Discussion ensued relative to the definition of decorative lights and determining responsibility for repairing different parts of a light fixture.

Parish Manager Mike Toups reported that Entergy is assessing outstanding repairs throughout the Parish and will resume night patrols to identify future outages.

Discussion was held regarding a written agreement with Entergy detailing responsibilities responsible for light pole repairs.

Parish Attorney Julius Hebert explained that Entergy is a utility company regulated by the

Public Service Commission (PSC) and that there is a tariff order through the PSC that includes the definitions and additional information regarding utility responsibilities.

Mr. D. Babin noted that SLECA will be patrolling their area at night to check light outages and that Matt Peters has been named their new general manager starting in 2023.
