

**TERREBONNE PARISH CONSOLIDATED GOVERNMENT  
UTILITIES DEPARTMENT  
AVERAGE BILLING**

**WHAT IS AVERAGE BILLING?**

The Terrebonne Parish Utilities Department average billing program is a payment plan based on the previous billing history. It is designed to allow customers to pay less during high-usage months (summer & winter) by paying extra during low-usage months (spring & fall), thus having more consistent payments year-round.

**WILL AVERAGE BILLING SAVE ME MONEY?**

Average billing **will not** save you money, nor will it cost you more. You will pay an **AVERAGE** amount over a seasonal billing period that will fluctuate minimally in accordance to your previous 12-month billing history. You must acknowledge the **ACCUMULATED DIFFERENCE (charge/credit)** amount noted on your bill, which is directly applied to your next bill upon cancellation.

**WHO IS ELIGIBLE?**

The Terrebonne Parish Utilities Department average billing program is open to **residential customers only** with an established billing record of twelve (12) months, during which **no default** payments (payments made after the **CUT-OFF DATE**) have occurred.

**WHEN CAN I APPLY?**

You can apply at any time. All average billing accounts will require an application (below) to be signed by the account holder (as named on the account).

**HOW DO I CANCEL?**

You may cancel via written notification at any time. Upon cancelation, any **ACCUMULATED DIFFERENCE** (charge/credit) will be applied to the following month's bill. That amount reflects monthly on your bill.

---

I HEREBY REQUEST TERREBONNE PARISH UTILITIES TO BILL ME IN ACCORDANCE WITH THE TERREBONNE PARISH CODE FOR AVERAGE BILLING (SEC. 26-9 AVERAGE BILLING PLAN).

NAME (Please Print): \_\_\_\_\_ ADDRESS (Service Location): \_\_\_\_\_
