MSIB 042 - 19

Date: October 25, 2019

Potential Closure of Houma Navigational Canal Floodgate

There is a strong potential that the Houma Navigational Canal (Bubba Dove) flood gate will be closed by the Terrebonne Parish Levee and Conservation District after 16:00 on October 25, 2019, due to the anticipated development of Tropical Depression Seventeen. The closure will restrict access to Houma and the GIWW from Terrebonne Bay/GOM. Anticipated closure of the floodgate will last from 16:00 October 25, 2019 to approximately 07:00 October 26, 2019.

During this time, all mariners are urged to use an alternate route. For the most up to date information, visit <http://tlcd.org/mobile>, like Terrebonne Levee & Conservation District on Facebook or follow on Twitter @TerrebonneLevee.

All hurricane informational documents will be posted to Homeport and may be accessed via the following link: <https://homeport.uscg.mil/port-directory/houma>

Owners, operators or agents should direct questions to the Marine Safety Unit Houma Duty Officer at (985) 665-2437.
