

TERREBONE PARISH CONSOLIDATED GOVERNMENT

PUBLIC SAFETY NOTICE

Residents,

As part of our Terrebonne Parish Consolidated Government Hurricane Ida recovery, our decorative street light repairs are commencing. The Contractor has commenced work with repairing and replacing decorative streets throughout the Parish. The process of work starts with removal of the existing damaged fixtures, poles and foundations at certain locations and reinstallation/ replacement of those damaged elements. This process can be extensive at times with all processes involved. The Contractor is taking safety measures to ensure that all residents are protected from current work hazards.

The below photos depict potential work areas that should be avoided. Please be advised to avoid all contact within these locations as they have hot wires.
