

PARISH OF TERREBONNE

FOR IMMEDIATE RELEASE
May 4, 2011

Terrebonne Parish Government Announces Sandbag Availability

Terrebonne Parish President Michel Claudet would like to remind residents of Terrebonne Parish to remain alert for potential flooding in the days and weeks to come.

While flooding conditions are not expected until the Atchafalaya River nears its crest later this month, parish officials are requesting that residents be proactive in protecting their property.

In order to assist residents, Terrebonne Parish Consolidated Government has established sand and sandbag distribution points. The sand and sandbag locations are as follows:

Gibson Fire Station

East Gibson Fire Station

Donner-Chacahoula Fire Station

Bayou Black Fire Station

Schriever Volunteer Fire Department
