## TERREBONNE PARISH CONSOLIDATED GOVERNMENT

---

May 3, 2011

Dear Terrebonne Parish Residents,

Terrebonne Parish is embarking on an exciting process to update our Comprehensive Master Plan, which was first adopted in 2003. In the wake of several large-scale natural disasters, such as the Hurricanes Ike and Gustav, we need to envision how our "Good Earth" can become more sustainable and resilient while still retaining our culture and the things that make our great parish unique. But the Vision 2030 Comprehensive Master Plan needs your input!

This update will envision the possible growth of our culture, livelihood, workforce, education, environmental health, transportation and our economy and will encompass the best parts of our parish. We want to invite all members of the community to become involved in this effort. The Vision of 2030 becomes dim if we have failed to involve YOU! Please become involved in making this parish even greater than it is today.

In order to ensure as much public participation as possible, we'll be coordinating a series of public meetings throughout the parish. We'd love for you to stop by the most convenient location and become a part of this process. Please visit [www.tpcg.org](http://www.tpcg.org) and access our meeting schedule. We look forward to working with you in the coming months!

Sincerely,

A handwritten signature in black ink, appearing to read "Michel Claudet".

Michel Claudet  
Parish President
