Required to work during emergency events.

#### REQUIREMENTS

Valid Louisiana Class A Commercial Driver's License

In this role, the incumbent will be expected to safely operate winch trucks to load, transport, and unload heavy equipment and materials, complete required reports and permits, maintain vehicles and equipment in proper working condition, support field crews with daily operational needs.

The Senior Equipment Operator – Winch Truck also maintains compliance with all safety regulations and provides critical support during storm events and other emergency situations.

### JOB DUTIES

- Safely operate a winch truck to load, transport, and unload heavy equipment, machinery, and construction materials across various Parish locations.
- Coordinate daily tasks with the Supervisor and work effectively with excavation crews and other field teams.
- Ensures all equipment and materials are properly secured in compliance with DOT load-securement standards.
- Assist in moving equipment to and from job sites, including out-of-town transport as required.
- Assists with positioning or aligning equipment for loading onto the low-boy when necessary.
- Utilize the winch system to remove obstacles from roads, canals, and other designated areas.
- Identifies and reports potential hazards, unsafe conditions, or equipment defects to supervision immediately.
- Complete all required documentation, including daily work orders, driver logs, and equipment reports, with accuracy and timeliness.
- Conduct routine inspections and minor maintenance on assigned vehicles and equipment, ensuring proper fluid levels, tire condition, air pressure, lights, and safety components.
- Maintain assigned trucks, trailers, and low-boy equipment in a clean and serviceable condition.
- Refuels vehicles and monitors consumption; maintains records of fuel usage when required.
- Operate additional heavy equipment as needed, such as dozers, excavators, and forklifts.
- Ensure all required permits are obtained, applied correctly, and renewed in accordance with departmental procedures.
- Adhere to all safety policies, operational procedures, and regulatory requirements.
- Transport a variety of materials, including spoils, limestone, rock, and riprap, to designated locations.
- Assists with debris removal, transportation of emergency equipment, and other field support activities during storm events or emergencies.
- Attend mandatory safety meetings.
