**Terrebonne Parish Consolidated Government Department of Public Works Awarded \$150,000 Strategic Planning Grant from Delta Regional Authority**

Houma, LA — September 19, 2025 — The Terrebonne Parish Department of Public Works is pleased to announce that it has been awarded \$150,000 through the Strategic Planning Grant program from the Delta Regional Authority (DRA).

This funding will be used to develop a comprehensive transportation plan that will record and classify road conditions throughout the parish. The goal is to create a proactive system for prioritizing road repairs before they escalate into costly emergencies, ultimately improving safety, efficiency, and infrastructure longevity for the community.

Developing a proactive transportation plan will create data-driven decisions, stretch resources further, and better serve the people of Terrebonne Parish.

The plan will help identify critical infrastructure needs, streamline maintenance planning, and support long-term transportation improvements across the parish.
