Vehicles will need to line up on the extreme right side of Commerce Street. We ask that vehicles pull all the way up to the stop sign at intersection of Church Street and Commerce street. Once the process begins, a screener will approach your vehicle and ask you a few questions though your driver side window. Once the brief screening process is complete you will be asked to pull around to Magnolia Street to a section clearly marked in front of the food bank. Once in that section, you will simply have to unlatch your trunk, and someone will load the food items in your trunk and close it. Then you will safely reenter Magnolia Street and exit on Lafayette Street. You will not exit your car at any time though this process. There will be signs providing directions all along the route.
