Re: Variance Request - Oliver Naquin Division

Planning Commission Members:

This is a variance request from the required 25' of frontage on a public right of way. The landowner would like to use Oliver Court as frontage for Lots "B," "C" and "D". Lot "D" is for commercial use only and Lots "C" & "B" are for residential use only. At one time there were two residences on the original tract, both using Oliver Court for access. Now, there is a residence currently on Lot "C" that's being created with this division that uses Oliver Court for access as shown on the survey plat. The landowner is planning to build a home on Lot "B" and would like to continue to use Oliver Court for access. If he must give up 25' for access from Highway 316 there would not be enough space for the home. Oliver Court was created by a subdivision of property belonging to Oliver L. Naquin on a map recorded with the Clerk of Courts Office dated October 4, 1961, and has been used by the Naquin family for access to their property/homes from Highway 316 since. The landowner asks that the commission grant this variance request so that he and his family can continue to use Oliver court as their access from Highway 316.

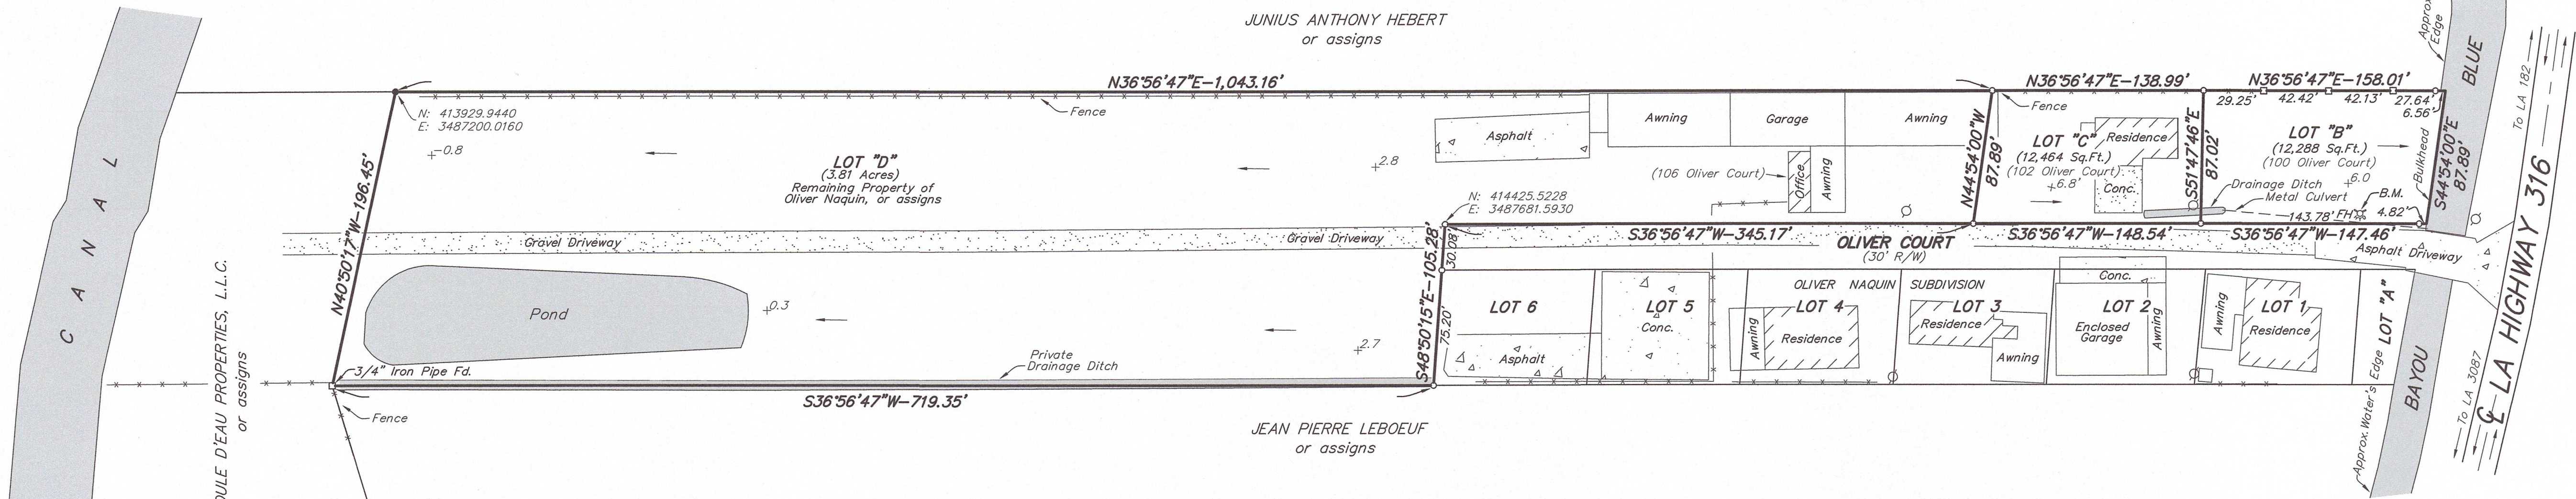

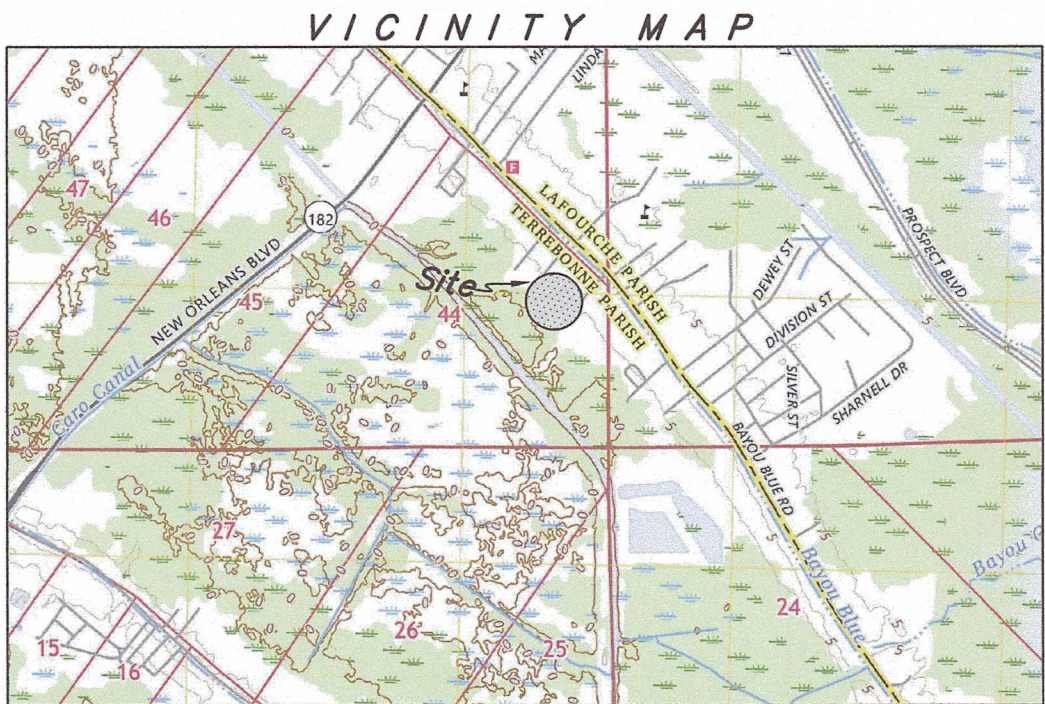

Sincerely,

*Alisa Champagne
