**REQUEST FOR PROPOSALS**

**SUPPORT THE SEAFOOD INDUSTRY: MARKET ANALYSIS, NEEDS ASSESSMENT  
AND INVESTMENT PLAN FOR SUSTAINABLE INFRASTRUCTURE (readvertisement)**

**PLANNING SERVICES**

**INTRODUCTION**

Terrebonne Parish Consolidated Government (TPCG) is accepting proposals to provide TPCG with expertise of economic, financial and industry analysis required to develop and finalize distinct planning products in the form of the following: a) Market Analysis b) Needs Assessment and c) Investment Plan for Sustainable Infrastructure to support the fisheries industry.

TPCG, through this RFP, will be identifying one firm based on the strength of the proposal submitted.

The project is funded by Community Development Block Grant- Disaster Recovery (CDBG-DR) funds under the *Resilient Communities Infrastructure Program (RCIP)*, granted to TPCG by the Louisiana Office of Community Development – Disaster Recovery (“LOCD-DR or LOCD”) in response to recovery and resiliency needs after the effects of Hurricane Ida in 2021 in Terrebonne Parish.

The *Resilient Communities Infrastructure Program* was established under the State’s *Action Plan for the Utilization of CDBG-DR Grant Funds in Response to 2020 and 2021 Federal Declarations Disasters*<sup>1</sup> and ensuing Action Plan Amendments. Through RCIP the state and subrecipients will address unmet needs in the area of infrastructure across impacted areas in order to expand upon and improve resilient communities. The goal of this program is to reduce the overall risk to the population and structures from future hazard events, while also reducing reliance on federal funding in future disasters.<sup>2</sup>

**INSTRUCTIONS TO PROFESSIONALS**

Respondents are to submit one (1) original complete submittal with signatures in blue ink, and one (1) electronic form (ex: jump drive) of the complete submittal package that can be reproduced.
