TERREBONNE PARISH CONSOLIDATED GOVERNMENT DEPARTMENT OF PLANNING AND ZONING

Request for Proposals

Consultant Services for Grant and Recovery Support

Terrebonne Parish Consolidated Government (“Parish”) seeks to secure the services of professional consultant firm/s (“Consultant”) to support identifying, applying for and implementing grants for risk reduction or avoidance in Terrebonne Parish. Consultant firm/s will perform all aspects of opportunity identification and analysis, planning services, application recruitment and preparation, project implementation and management as needed, and submission requirements for applications, reports and closeout. This support may include some engineering or coordination with engineers for benefit cost analysis data, structural integrity, mapping, etc. One or more firms may be awarded contracts associated with but not limited to:

- Federal Emergency Management Agency (FEMA) Hazard Mitigation Assistance grants
 - Flood Mitigation Assistance
 - Predisaster Mitigation Assistance
 - Building Resilience Infrastructure and Communities
 - Hazard Mitigation Grant Program funding for any presidentially declared disaster occurring in the 2026 or 2027 storm seasons
 - Public Assistance applications

These grants would require coordination through the Governor’s office of Homeland Security and Emergency Preparedness.

- National Fish and Wildlife Foundation conservation grant and program administration including Davis Bacon implementation and compliance.
- National Oceanic and Atmospheric Administration conservation grant and program administration

The Parish may from time to time assign professional services contracts or task orders for other state, federal, philanthropic or nonprofit opportunities that require transferable skills proposed by Consultant or storm recovery activities. Support for damage assessments, substantial damage continued compliance, and permit application intake through the My Government Online Connect may be awarded if needed.

Typical grant types include but are not limited to wind retrofit, flood risk reduction (elevation, dry floodproofing, wet floodproofing), mitigation reconstruction, localized drainage improvements, infrastructure hardening, coastal restoration or hardening, marsh creation, pump station prioritization and implementation, redundancy of critical systems (i.e. water, power, heating and cooling), repetitive loss studies, modeling, project scoping, and occasionally, acquisition.

The awarded Consultant/s will have expertise in developing applications, and implementation and closeout of programs in a timely and cost-effective manner meeting all Parish policies and procedures and local, state, and federal requirements, guidance and regulations.

Terrebonne Parish shall have the discretion to award resulting work from past events/applications to a respondent to this request for proposals.

Interested parties are invited to secure a proposal package from Ms. Jennifer Gerbasi, Planning and Zoning, RAMP Division, 8026 Main Street, Suite 200, Houma, Louisiana 70360, (985) 873-6565 or

visit www.centralbidding.com. The response to this request must be hand-delivered or mailed to the above-named office at the above named address in such a manner that it is received no later than **3:00 p.m., on Monday, August 17, 2026.**

The Terrebonne Parish Consolidated Government is an Equal Opportunity Employer. Minority, Women Owned, and Veterans-owned businesses encouraged to apply.
